ORIGIN

After his arrest for dealing painkillers to his patients, he lost his wife, his house, his money, and his ability to practice medicine. In short, he lost control of everything.

OCCUPATION

He was considered one of the finest neurosurgeons on the East Coast. In his area of specialty, spinal surgery, he was regarded as the chief expert in his field.

HEADQUARTERS

His Cabal is located in an old farmhouse just south of the city. It's peaceful and quiet. They keep their grenades and shotguns in the barn.

CONTACTS

Ken Harriot, mortician
Heinrich Graumman, thief

MENTOR

Lucas Rawls. Black male, early forties. Greying hair at temples. Wears navy blue suit, carries briefcase. Businesslike, professional.

PERSONALITY

He loves to be in control, to manipulate, to exert power. Now, his only joy comes from either dominating and killing demons, or using magic to control people.

CABAL

Civet is caring, compassionate, and honest. But the sight of blood causes her to fly into violent fits of uncontrollable rage.

Betty uses her muscle to get her way. A fast-talking gutter-mouthed troublemaker. Loves driving fast, car chases, and collisions.
